

# Change Your Password

1. After you enter the Forum site, click on the Settings tab

2. Look for My Settings box on the left side.

3. Click on Edit Profile

A screenshot of the 'Edit Profile' form. The form is titled 'Edit Profile neudimenxion' and has a purple header. It contains several sections: 'Registration Required Information - All fields are required.', 'Email & Password' with an 'Edit Email & Password' button highlighted by a red arrow, and 'Optional Information - All information will be viewable by other forum members.' The 'Optional Information' section includes a 'Custom User Title' field and a 'Reset' checkbox. A note on the right side of the form states: 'Please click the button below to edit your email address and password. Any changes you've made on this page will not be saved.'

4. To change password click on Edit Email & Password

A screenshot of the 'Edit Email & Password' form. The form has a purple header and contains three main sections: 'Enter your present password to continue:' with an input field highlighted by a red arrow; 'Edit Password (Optional)' with 'New Password' and 'Confirm New Password' input fields highlighted by red arrows; and 'Edit Email Address (Optional)' with 'New Email Address' and 'Confirm New Email Address' input fields. A note on the right side of the form states: 'You must enter your current password if you wish to change your password or email address.' At the bottom right, there are 'Save Changes' and 'Reset' buttons.

5. Enter your current password and new password and confirm new password.
6. Click on Save Changes button to submit.
